

3 Great reasons to advertise in WVS program books

- 1** Your marketing message will reach an audience of 2,000 well-educated, culturally minded people who believe in supporting community events and businesses like yours.
- 2** Advertising in Willamette Valley Symphony program books spreads the message that your business is a supporter of cultural arts in our community.
- 3** Your support will help the Willamette Valley Symphony continue to provide outstanding concerts at an affordable ticket price and free tickets for youth, ages 0 to 12, making it economical for families to introduce their children to live, symphonic performances.
